ARGAN & MACADAMIA OIL

BODY OIL BODY ESSENCE

body oil spray

Natural Argan oil, Macadamias, flaxseed, almonds and vitamin E, with antioxidant power able to counter free radicals produced from UV radiation and other environmental factors. Also suitable for dry skin or tanned skin, leaving the skin hydrated and soft, with a warm and enveloping fragrance.

directions for use: after a shower or after bathing in skin still damp, massaging slowly and smoothly over the body and let it dry naturally. Can also be used on dry skin.

packaging: bottle of 100 ml.

BODY CREAM

fluid body cream

Normal to dry skin lotion, rich in natural active substances, soft and easy to spread. Combats dryness while protecting the skin from drying. The synergy between the Cocoa butter, Shea butter, Argan, Argan oil, Macadamia and sweet almond oils leaves the skin nourishment, elasticity, softness and hydration. Used daily makes the skin smooth, soft and supple.

directions for use: massage into body until it is completely absorbed. It is not greasy.

packaging: 200 ml bottles with 100 and dispenser.

BODY BUTTER

butter for body

Butter rich in natural active ingredients, fine and pleasant to spread. Referred to as natural food for very dry skin in need of intense nourishment, moisture and protection. The active ingredients, Cocoa Butter, Shea butter and Argan, Argan oil, Macadamia oil, sweet almond and vitamin E leaves skin smooth, soft, supple, hydrated and protected by free radicals.

directions for use: massage into body until it is completely absorbed. Ideal after the bath and after sun exposure. It is not greasy.

packaging: 250 ml jar.
