FANCY COLOR color oxidation

The coloring is composed of a base in the cream - gel that allows lightening, rinflessare and color simultaneously. The base cream -gel is composed of 16 raw materials of plant origin that guarantee:

- perfect hair color
- greater cosmeticità
- brilliant luster, very low percentage of ammonia
- pH stability for all the time of laying
- lower allergenic effect (thanks to the amount of alkalizing)

method of use : mix in a 1:2 ratio with oxidizing emulsion Fantasy Color

box: 80 ml tube
