IGORA - SENEA IGORA - SENEA

permanent hair color

Igora senea, the first permanent hair color for sensitive scalp tested and recommended by dermatologists because it is suitable for those who have a sensitive scalp. The revolutionary Sensocalm Technology contains color pigments specially selected and soothing substances that provide exceptional softness against the skin.

Shades available in 36 shades and two oxidants, Igora senea optimal results even for those who have 90% of white hair and considered unattractive traditional coloring.
