FAICOLOR PROFESSIONAL COLOURING CREAM

tone on tone color without ammonia Aloe Vera

FAICOLOR is a service of tone-on- tone innovative : sweet, does not lighten, does not contain Ammonia, provides excellent coverage of white hair without radically changing the structure. The semi- permanent color service offers you the chance to create fashion contrast, or tonalizzando reviving earlier with lightening reflexes unique and personal. Aloe Vera has an effective moisturizing, nourishing, anti-oxidant and is also a great soothing and refreshing. Long lasting color : natural color, stable over time, extreme shine with silky soft hair.

Shades 32 brilliant colors mixed together : NATURAL GOLDEN HOT, ASH, VIBRANT and INTENSE RED, CHOCOLATES AND SPECIAL FASHION TREND

method of use : FAICOLOR is so delicate that can be applied immediately after the draft or permanent. Its creamy and easily spandibile can be applied on the hair, quickly and easily, either with a brush or with a bouillotte. 20-30 minutes of exposure and extreme rapidity of execution

box: 70 ml tube
