### **KERABOND : MOISTURIZING RESTRUCTURING** for skin and hair dry and / or treated

#### **MOISTURIZING WASH**

Shampoo Shampoo enriched with moisturisers, liposomes, film-forming and conditioning properties. It hydrates the skin and hair, giving softness and hydration.

#### **PURE MOIST**

Microemulsion microemulsion conditioner without rinsing rich in anti -oxidants and nutrients with liposomes and collagen hydrolyzate. Suitable for dry hair natural and chemically treated.

#### **MOIST CONTROL**

To form liposomes, complexes with silicone conditioning agents and nutrients.

#### **REPAIR COMPLEX**

Specific fluid rich in silicon with high factor agents nourishing and conditioning. Prevents and removes the formation of split ends.
