REBUILDER EVOLUTION THE EVOLUTION IN HAIR RESTORATION

- **more body and more volume**
- **immediate effect**
- **long life**

REBUILDER EVOLUTION is a treatment used to give new light to the hair. He was immediately called "Botox for hair", but actually, the treatment in question contains, amongst other ingredients this toxin. Designed for dry hair treatment is brittle and damaged, with specific active ingredients with anti-aging and restorative, is able to act on the hair structure through synergistic actions of substances:

- ceramides bonding and restorative action;
- keratin for greater elasticity and resilience;
- collagen hydrating action;
- hyaluronic acid to give tone and vigour to the hair;
- Pistachio oil with strong anti-ageing property.

This mix makes it easy to find cohesion of scales for a hair glossy and full bodied, immediately "regenerated".

• TECHNICAL TREATMENT IN SALON BASIC SHAMPOO pH 9

Formulates basic pH (pH 9) helps to open the scales of the hair to facilitate the absorption of subsequent treatment (Botox effect lotion); rich in active principles, helps to bring strength and texture to the hair.

BOTOX EFFECT LOTION

Specific lotion rich of active ingredients with high restructuring and regenerating action, whose synergistic action creates an effect on hair Botox: it brings to the stem, brightness and smoothness; the hair appears more full-bodied and cohesive whole.

method of use of the kit:

- WASH YOUR HAIR WITH SHAMPOO BASE;
- PREPARE the LOTION BOTULINUM EFFECT: make sure the lotion inside the flacon is transparent and liquid because the product tends to crystallize at temperatures below 15° C; in this case, immerse the phial for a few minutes in a bowl of warm water until complete dissolution of crystals, then proceed as follows:

- For LONG HAIR: Take with a special dispenser 10 ml of LOTION product BOTOX

EFFECT and merge them in 30 ml of water. Mix well.

- For SHORT HAIR: Same preparation but with 15 ml of water and 5 ml of LOTION product BOTOX EFFECT. APPLICATION of BOTOX EFFECT LOTION (prepared as described above). Divide the hair into 4 sections and apply the product with a brush on strands of 3 cm. Leave on for 15 minutes. You can intensify the action by applying heat (lamp, hairdryer).

Rinse quickly with cold water. Proceed to drying with hair dryer and brush. Pass the plate as follows: 180°-210° fine hair for big hair.

packaging: -BASIC pH SHAMPOO bottle from 9 500 ml.

-Lotion dispenser BOTULINUM vial with EFFECT from 50 ml.

• MAINTENANCE TREATMENT

MAINTENANCE SHAMPOO

Shampoo formulated with keratin and hyaluronic acid helps to keep longer the nourishing and restorative treatment done in the show; performs a good deed and softening and conditioning keeps hair silky and shiny.

KEEPING MASK (pH 4)

Soft emulsion and smooth Anti-Frizz conditioner and action; its low pH gives ideal reacidifying action to complete and maintain cohesion between the scales by maintaining longer the effect of treatment in Salon.

packaging: -maintenance SHAMPOO bottle 250 ml;

Keeping mask 200 ml jar.
