LIQUID KERATIN KERATINA LIQUIDA

LIQUID KERATIN is a revolutionary patented treatment with only one soft and easy application makes the hair more curly and frizzy hair for 30 days. The KERATIN LIQUID does not contain harmful ingredients or chemicals such as formaldehyde.

The line consists of:

SPRAY

instructions for use: separate the hair into small sections. Shake the bottle of treatment and begin spraying treatment on each section. Once the hair is completely soaked with the product, start treatment by combing the hair from roots to ends. Let the treatment on for 30 minutes, after which, phonate and brushed the hair to bend a straight with a round brush or flat.

DE- FRIZZ SHAMPOO

It is used as a normal shampoo.

DE- FRIZZ CONDITIONER

Use once after 48 hours of use of the spray.
