H•ZONE: PREVENZIONE CADUTA

SHAMPOO QUOTE / FALL

based Caspian Oil

It is a shampoo for cleansing action and refreshing. Enriched with Caspian oil, stimulates the activity of the hair bulb and the resistance to fall. Long-term use increases the capillary density and combats the causes of hair loss. For optimal use we recommend using the vials preventive aloe and panthenol.

box: bottles of 250 and 500 ml.

FIALE PREVENTIVE / FALL

aloe and panthenol

Vials Fall play a regenerating intensive scalp. The combination of Aloe Vera and Panthenol nourishes the hair and strengthens the entire structure of capillary and has a stimulating and balancing effect.

method of use : apply to dry hair or towel and rub gently with your fingertips, let it dry naturally.

Do not rinse.

box: 10 ml vials in carton of 10 pcs.

BATH SCRUB QUOTE / FALL

based on Inositol and Vitamin

It is a pre- shampoo treatment adjuvant which thoroughly cleanses the scalp, increasing the supply of oxygen. Its formula enriched with Vitamin E and Inositol, reactivate the microcirculation and gives vitality to the hair.

For optimal use we recommend using SHAMPOO QUOTE -based Caspian Oil and vials preventive aloe and panthenol.

method of use : to apply on the scalp, rub with fingertips, leave for a few minutes then rinse. Blot with towel and repeat the operation. It is recommended to use twice a week.

box: 200 ml bottle.
