DUAL RAYS UV NAIL LAMP 36W

art. D90-001

Super professional ionisator

Catalyst universal lamp combo LED technology/CCLF which exploits the double LED technology and CCLF. Is able to attract all kinds of gel , from reconstruction to semi-permanent glazes in a few seconds. Consumes only 12 W and its fixtures have an unlimited duration and will not change ever. LLCF (Cold Catod Fluorescent Lamp) has allowed to realize a fluorescent UV bulb with spiral shape high intensity from 6 W each which is able to replace the traditional bulbs 9 4 W cad. The combined action of the UV bulb and LED to spiraling increases and homogenises and utter the DUAL CURING RAYS.
