densifying treatment for him

He refined treatment for a densifying effect that consists of:

DAILY SHAMPOO

Infoltente shampoo for frequent use. A gentle anti-aging formula that removes all traces of fixative products. Revitalizes the hair bulb strengthening the hair, moisturizes and volumizes giving a persistent feeling of lightness.

HAIR & BODY WASH FRESH

Shampoo - energizing shower. A single gesture for an immediate well-being that gives freshness and softness all over the body, fights the signs of aging and fatigue.

densifying SPRAY

Volumizing and balancing fluid rich in minerals and farnesol biotin, helps control the formation of excess sebum and dandruff. Contains wheat proteins that restructure the hair shaft making each day more compact smooth and full bodied.
